Rawalpindi, Pakistan | +92 321 5214203 | abbasikhayamkhalid@gmail.com

PROFESSIONAL SUMMARY

BS Computer Science graduate (CGPA 3.20/4.00) currently working as an AI/ML Intern, with prior hands-on experience in software and Flutter mobile application development and a Final Year Project on Intrusion Detection Systems (IDS). Proficient in Python, Java, and C++, with a growing foundation in AI/ML. Seeking an opportunity to apply strong problem-solving skills and contribute to real-world projects.

EDUCATION

BS Computer Science (BSCS) | CGPA: 3.20 / 4.00 Sep 2022 – Jul 2026

Institute of Space Technology (IST) – KICSIT Campus, Kahuta

- **Final Year Project:** Intrusion Detection System (IDS) – designed and implemented a system to detect malicious network activity.

FSc / College Jul 2022

Army Public School & College (APS&C), Fort Road

Matriculation Jul 2020

Army Public School & College (APS&C), Fort Road

EXPERIENCE

AI/ML Intern 13 Jul 2026 – Present

MFSYS Company, Islamabad

- Working as part of the team on AI/ML-focused tasks and projects.
- Applying Python and machine learning fundamentals in a professional development environment.

Flutter App Development Intern Jul – Sep 2025

MFSYS Company, Islamabad

- Worked on mobile application development using Flutter, contributing to the design and implementation of app features.
- Collaborated with the development team on building and testing cross-platform mobile solutions.

Software Development Intern Jul – Sep 2024

MFSYS Company, Islamabad

- Gained practical exposure to software/app development workflows and development practices during a summer internship.

FINAL YEAR PROJECT

Intrusion Detection System (IDS)

- Developed a system to identify and flag suspicious or malicious activity within network traffic as part of the BSCS Final Year Project.

TECHNICAL SKILLS

Programming Languages: Python, Java, C++
Mobile Development: Flutter
AI / ML: Artificial Intelligence and Machine Learning fundamentals
Security: Intrusion Detection / Network Security concepts
